## ABOUT ALL-SA MEMBERSHIP

### Membership Options

**Membership** keeps you up-to-date with local and international information on and related to toy libraries, toys and play. You receive a copy of our local newsletter and the newsletter of the International Toy Library Association. Hot-off-the press news is also circulated to members via email or fax.

- **Individual membership** offers discounts to one private individual or one organisational representative on fees for ALL-SA activities during the year, such as conferences, training and workshops.
- **Group membership** offers the same benefits. In addition, discounts are available for up to four representatives from your organisation or department. If your group is larger than four persons, your membership fee will increase by only R50 per additional member of the group.

### Member savings

Membership entitles all members to a substantial saving on training and conferences. The saving is more than the membership fee.

### Utilisation of membership fees

Sixty percent of fees collected go towards producing and distributing the **Play Today** newsletters, 20 % supports ALL-SA's national programme and 20 % supports the organisation's regional development.

### Renewal of membership

Membership runs from January to December each year. Regardless of when you join during the year, renewals will be due in January of the next year. There is no pro-rata rate for joining later in the year. However, if you've missed a newsletter, we will make sure you get the back copy with your membership card and certificate.

We look forward to welcoming you as a new member or greeting you as an old friend.

Kind regards

The ALL-SA Team
